Remarks of the Collector on the Administration Report of the District Board, South Kanara for the year 1935-36.

GOVERNMENT
35092
8-OCT

PVV 8/10

As I took charge of this District only a few days ago, I am unable to offer many remarks.

In spite of the Collector's remarks on the Administration ~~Report for 1934-35~~, the report on the work of the Panchayats for that year was only recently received, and a separate report has been promised for the year under review. Considering that ---- one-third of the land cess is distributed to the Panchayats, it is serious that so little control is apparently exercised over them.

There seems to be considerable friction in the District Board between the present President and the last elected -------- President and their respective supporters, and attacks are ----- still being made on Mr. Gawne, although in the opinion of my predecessor (Khan Bahadur Muhammad Humayun Saheb Bahadur) he effected considerable improvement in the administration of the District Board during the period he was President.

6. Read Administration Report of the Panchayat Boards fpr the year 1935- 1936.

Resolution. P a s s e d .

Vice-President District Board,South Kanara

29/5/37.

Administration Report of the Panchayat Boards in South Kanara District for the year 1935-36.

1. Constitution and Management.

1. Jurisdiction.

There were in all 138 Panchayats at the end of the year covering 178 Revenue Villages and they were spread over six Taluks as shown under:-

Taluk.	No.of villages.	No.of panchayats.	Revenue villages covered
1.Coondapur.	103	11	15
2.Udipi.	115	15	17
3.Karkal.	105	9	14.
4.Mangalore.	177	15	25.
5.Kasaragod.	114	2.	3
6.Puttur.	184	86	104
	798	138	178

None of these Panchayats was a pre-union Board. They were all minor Panchayats.

Of these 138 Panchayats at the end of the year under report, 42 were newly constituted in the year, viz., 11 in Coondapur Taluk, 15 in Udipi Taluk, 7 in Karkal, 8 in Mangalore and 1 in Kasaragod Taluk and the Dt. Panchayat Officer was the special Officer for them until the members and the Presidents were elected.

Except in the case of 37 Panchayats, viz., Mulki in Mangalore Taluk which covered 5 revenue villages, Hebri in Karkal Taluk which covered 3 revenue villages and 18 in Puttur Taluk, 7 in Mangalore Taluk, 1 in Kasaragod Taluk, 3 in Karkal Taluk, 2 in Udipi Taluk and 4 in Coondapur Taluk all of which covered two revenue villages each, all the other Panchayats comprised only one village each.

42 Forty two new Panchayats, 8 in Mangalore Taluk, 1 in Kasaragod, 7 in Karkal, 15 in Udipi and 11 in Coondapur Taluk - were constituted in the year under report.

No Panchayat Board was superseded or dissolved in

~~dissolved~~ in the year.

Except in the case of 2 Panchayats in Puttur Taluk viz., Aryapu and Kaniyur Panchayats, to each of which one revenue village- Kuriya village to Aryapu Panchayat and Kodiyala to Kaniyur - was ceded on, there were no changes in the jurisdiction of the other Panchayats. The ward system was not in ~~force~~ force in any of the Panchayat areas owing to the geographical features peculiar to this District.

2. Personal

(a) Panchayat Boards.

(i). There were no changes either in the sanctioned strength or in the number of reserved or non-reserved seats on the boards.

(ii) Backward classes, minorities and women were fairly well represented on the boards.

(b) Directing Officers.

In all the Panchayat Boards the directing officers were the Presidents, several of whom were illiterate. In some cases the vice-presidents were also in charge.

3. Elections.

(i) From the statistical enclosures it will be seen that bye-election of one member in Puttur Panchayat was held and there were general elections for all the other Panchayats. Particulars of election in 2 Panchayats viz., Moolky and Laila are not available. Except in the case of 2 Panchayats, Marne and Beltangady, where there were contested elections, all the other elections were uncontested, the people taking hardly any interest in them.

(ii). From the statistics furnished it is seen that a sum of Rs.360/- was recovered from 72 Panchayats on account of election expenditure.

(iii).There were no election disputes during the year under report.

4. Meetings.

(i) Though the Panchayats are required by rule of

~~(rule 7) of~~ schedule II of the Madras Local Boards Act to meet at least once in a month, this rule does not seem to have been observed by the majority of the Panchayats, apparently because they had not sufficient important business calling for disposal.

(ii) There was fairly prompt disposal of the business entered in the agenda.

5. Committees

There were no committees in any of the Panchayat Boards.

6. Management.

The cost of management of all the Panchayats amounted to Rs.4767/-. This works out to an average of Rs.35/- for each Panchayat Board.

There were full-time clerks only in two Panchayats viz., Puttur and Karkal. As reported last year the Mudabidri Panchayat Board continued to pay an honorarium of Rs.9/- per mensum to its clerk while a few other Panchayats paid a remuneration ranging from Rs.2/- to Rs.4/- per mensem for clerical work.

The District Panchayat Officer and the Assistant Panchayat Officer attended to the constitution of new Panchayats in Taluks other than Puttur, the conduct of elections and bye-elections in Panchayat Boards as also the supervision of their work.

II Communications.

7. Establishment.

There was no special establishment for the preparation of estimates etc., required by the Panchayat Boards but such works were looked after by the permanent establishment of the Engineering Department.

8. Roads, Bridges, ferries and buildings.

In the year under report roads with a total length of about 137 miles and 3 furlongs were in charge of the Panchayat Boards. The receipts, by way of grants and contributions realised for the maintenance and opening of new roads amounted in all to Rs.11602/- and the

the expenditure incurred was Rs.15053/- the excess expenditure was met by the Panchayats. The expenditure incurred for the opening of new roads, of about 11 miles and 6 furlongs in lenght, is included in the total expenditure given above under this head. For want of accurate statistics asregards the exact length of roads maintained by each Panchayat, the outlay on maintenance per mile and itsadequacy or otherwise cannot be stated.

(a) Roads - Adequacy.

One peculiar feature of this District is that many interior parts are not at all served by roads. The crying need of most of the existing Panchayats is opening of roads connecting them to the main roadsof traffic. No appreciable progress has been achieved in this direction on account of the meagre financeskept at the disposal of the Panchayats.

(b) Bridges, causeways and culverts.

A few minor culverts and causeways have been constructed by Kepu, Puttur and Neriya Panchayat Boards and the amount spent on them was Rs.875/- out of which Rs.854/- spent by Kepu Panchayat was met from Government grants and Rs.21/- spent by Puttur and Neriya Panchayats was met from general revenues.

Buildings.

No works of any importance were undertaken under this head in the year.

Ferries.

In theyear under report only four Panchayats viz., Alankarl, Sullia, Kanjarpane and Kalanja in Puttur Taluk had public ferries under their management and their income from this sourceis given below:-

		1935-1936
Puttur Taluk	1. Alankarl	Rs.40/-
	2. Sullia.	Rs.104/-
	3. Kanjarpane.	Rs.156/-

(c) Water sheds.

There were no other water-sheds under any of the Panchayats,excepting the one maintained by thePuttur Panchayat and the expenditure incurred thereon was Rs.50/-

10. Tools,Plant and Stores.

A sum of Rs.362 (three hundred and sixty two) only was incurred under this head as detailed below:-

11. Lighting

No Panchayat Board maintained high-power and electric lights. The Karkal and Coondapur Panchayats, however, maintained 5 petromaz lights (Karkal one petromax light and Coondapur four) at important portions of the towns. The lights used, in general, were ordinary kerosine lights. The ~~number~~ number of lights maintained by each Panchayat, so far as information is available at present and the cost of lighting incurred are shown below:-

III. Education

(1) Elementary Education.

12. Adequacy of education facilities.

(a) Except in the case of Aranthodu school, in Puttur Taluk, in which case school records were said to have been taken by the Deputy Inspector of Schools, Puttur Range and in the case of Manchi-Irain Mangalore Taluk and Puttur, Bannur, Aryapu, Guthigar, Alankar and Kadirudyavara schools in Puttur Taluk figures have asfar as possible been ~~compli~~ compiled to show the estimated number of children in Panchayats and the number of children yet to be provided for. As far as the accounts were received, the Panchayats maintained in 1935-36 54 schools, including Girls' schools in Ujire,

(b) As far as possible, the number and percentage of children attending the schools and the number and proportion of children attending from outside the jurisdiction of the Panchayats, have been compiled and shown in the statistical enclosures.

(c) Compulsory education was not inforce in any of the Panchayats nor was any such scheme in contemplation.

13. Strength and efficiency.

(a) Figures have been compiled to show that strength and average daily attendance as well as the percentage of increase in strength.

(b) There were 8 schools above class IV.

-do- 15 " up to class IV.

(c) Fees was not charged in any of the schools, giving there-by the needed facility for the education of all backward classes in particular and of all poor pupils in general. All schools were accessible to all classes including Adidravidas.

14. Staff.

57 Panchayats employed 84 teachers, (57 trained and 27 untrained) and the totalsalary paid to them was Rs.13,557/- (including arears of salary for 1934-35). This works out to an average of Rs.161/- per teach year.

15. Accommodation and Equipment

Out of 58 schools six were housed in rent free buildings but the maintenance charges of one of these rent free buildings viz., Puttur Padmur school building had tobe met by the Panchayat, five were in rented - buildings and the remaining 47 were in buildings owned by Panchayat Boards. The maintenance charges and rents paid are shown in the following: table

Taluk.	Number of schools	School Buildings.				
		Free	Owned	Maintenance charges.	Rented	Rent paid
1.Mangalore.	6	-	4	Rs.58/-	2	Rs.84/-
2.Puttur.	52	6	41	Rs.1624/-	3/-	Rs.50/-

Note:- Particulars are not available as to whether the buildings in Narimogar and Konaji Panchayats in Puttur Taluk were rent free, owned or rented and hence not included in the above table.

The maintenance charges of Rs.58/- shown above were incurred for the maintenance of two out of four buildingsin Mangalore Taluk. The expenditure of Rs.1624/- incurred in Puttur Taluk consists of maintenance charges of 30 buildings and the costs of construction of a few new buildings.

16. The Elementary Education Fund.

No remarks under this head can be offered as Panchayats have no separate fund of the kind.

Public Libraries.

No information is available as to the number of public libraries maintained by the Panchayat Boards and the - number of books stocked by them; but in all Rs.198/- were incurred on them as seen from the account.

IV Public Health.

As in the previous year there were 9 medical institutions in the year under report maintained by the District Board

District board within the jurisdiction of the Panchayat Boards and two by the Panchayat Boards Dharmastala and Mundaje.

The Dharmasthala Panchayat Board received Rs.298/- by way of Government grants and Rs.365/- as endowments and contributions in this connection. This is ~~enclusive~~ inclusive of the contribution of Rs.360/- paid by the District Board towards the pay of the medical practioners. The panchayat Board spent Rs.298/- towards the salaries and allowances of medical officers and Rs.413/- for medicines and other contignecies, but no particulars are available as to the number of partients treated and the daily average attendance. The Mundaje Panchayat Board spent a sum of Rs.32/- for building and other contingencies as against Rs.34/- in the previous year. In this dispensary one inpatient and 4872 out patients were treated in the year under report and the daily average treated and the daily average attendance were 14 and 34 respectively.

A sum of Rs.27/- was spent by the Panchayats for the destruction of stray dogs as against Rs.19/- in the previous year.

Sanitation - Conservancy - Public and Private.

None of the Panchayats have undertaken the systemactic cleaning of public latrines and sweeping of streets. Under Sanitation a sum of Rs.4733/- wasspent as against Rs.3743/- in the previous year. Out of this the Karkal Panchayat Board alone spent Rs.1504/ during the year. In order to avert dust nuisance due to heavy bus traffic some Panchayat Boards attended to the watering of streets. The expenditure incurred for the purpose is merged under "Public Health, Staff Contingencies."

Foor adulteration and offensive and dangerous trades.

Licensing of hotles, sweet meat shops etc., was done generally by the Panchayats and the collection of fees was, as usual, appropriated by them. A few of the Panchayats have neither a copy of the by-laws nor are they conseious of t objects of the licensing system. The majority of the P

end of the year contrary to the provisions of the Act.

The total income realised under license fees amounted to Rs.2585/- as against Rs.1004/- in the preceding year.

Fairs and festivals.

Some Panchayats looked to sweeping and lighting at minor festivals. The receipts and charges in the year, under this head, were Rs.63/- and 48/- respectively.

30. Water supply.

In all ten wells were sunk and ten repaired and the expenditure incurred was Rs.3384/- and this was met from grants and contributions amounting in all to Rs.1960/- the excess expenditure having been met from general funds.

V. Remunerative enterprise

(a) Public Markets.

There were in all eight weekly and ten daily markets in the year under report and the total income therefrom was Rs.3592/-. For the improvement of markets a net amount of Rs.229/- was spent, the surplus of the proceeds having been taken to strengthen the ordinary resources of the Panchayats to carry on their administrations.

There were no private markets under any of the Panchayats.

(b) Public Cart Stands and Bus Stands.

There were in all 35 public cart stands, including bus stands, in the year under report and the proceeds therefrom amounted to Rs.1258/-. A sum of Rs.140/- was spent for the improvement of the cart stands.

Private Cart Stands.

There were three private cart stands in the Puttur Panchayat which brough an income of Rs.68/-. There were none in other Panchayats.

(c) Slaughter Houses.

There were no slaughter houses under any of the Panchayats nor were any private slaughter houses licensed by any of them.

(d) Factories and industries.

Tax and non-tax resources:-

Total demand of the year		Rs.36,349/-
Collection " "		30,529/-
Deduct remissions and amounts written off as irrecoverable.	..	206/-
Balance ..		Rs.5614/-

Of the balance Rs.5614/- Rs.4287/- is on account of Tax items and Rs.1327/- on account of non-tax items. Steps are being taken by the Panchayat Boards for the recovery of the amounts due.

43. Financial position

Considering the closing balances, the financial position of the Panchayat Boards in the year under report can be considered as satisfactory.

44. Expenditure.

Capital expenditure is not separated from ordinary expenditure in the case of minor Panchayats. The total expenditure both under ordinary and capital amounted in all to Rs.48,400/- as against Rs.42,890/- in the previous year. It was met from the following resources:-

~~Lands~~ Loans and advances	..	Rs.1685/-
Taxes.	..	30746/-
Grants and contributions.	..	26956/-
Miscellaneous revenue.		2360/-

The expenditure under the main heads of service is summerised below:-

1. Management (including repayment of debt)		Rs. 7273/-
2. Communications .		16541/-
3. Education.	..	16567/-
4. Public Health	,.	7409/-
5. Remunerative exterprises.		610/-
	Total	48,400/-

48. Audit.

In the year under report the accountswere audited by the Revenue Department. It is not known how many Panchayats' accounts were audited by the Tahsildars and with what result. The audit work has since been transferred to the Dt.Panchayat Officer who has audited the ~~accounts of several Panchayats.~~

49. General Remarks.

I reiterate the remarks made by me in the previous year's report. With the increase in the number of panchayats in the district, the volume of correspondence from Panchayat boards has greatly incresed. Considerable difficulty is felt in the absence of regular permanent clerical staff to compile the accounts of the Panchayats. Temporary clerks who were deputed for the compilation report that the account registers of a great many panchayat boards are either not maintained at all or maintained in a slip shod manner. Unless Government sanction at least 2 permanent clerks to deal with the ~~Accounts~~ accounts and the correspondence relating to the Panchayat Boards it will be impossible to compile the accounts in time.

REPORT

ON THE

ADMINISTRATION

OF THE

SOUTH KANARA DISTRICT BOARD

For the Year 1935—'36.

PRINTED AT THE KANARA PRINTING WORKS,

MANGALORE.

1936.

REPORT

ON THE

ADMINISTRATION

OF THE

SOUTH KANARA DISTRICT BOARD

FOR THE YEAR 1935-'36.

I. CONSTITUTION AND MANAGEMENT.

1. Jurisdiction.

(i) The jurisdiction of the district board extended over the revenue district of South Kanara excluding the municipal towns of Mangalore and Udipi. From 1st November 1935 the latter town was constituted into a municipality.

In the year under report some of the electoral circles were bifurcated in G. O. Nos. 3790 L. & M., dated 17th September 1935 and 4280 L. & M., dated 18th October 1935 just before the reconstitution of the board on 1st December 1935.

(ii) *Panchayat boards:*—In the year under report ~~42~~ 2 Panchayat boards were newly constituted bringing the total number to 138 at the end of the year. The ward system was not introduced in any panchayat area on account of the peculiar geographical conditions of the district.

There were no Preunion panchayat boards in the district.

No Panchayat board was superseded or dissolved.

2. Personnel.

(a) District Board:—

(i) The sanctioned strength of 44 fixed in G. O. No. 1162 L. & M., dated 1s April 1932 is the strength of the newly reconstituted board.

(ii) *Representations of backward classes and minorities and women.*

District Board:—

Seats were reserved for 1 European, 3 Muslims, 2 Indian Christians 2 Adidravidas and 3 Women.

(b) Directing officers:—

(i) *District Board President:*—M. R. Ry. A. B. Shetty, Avl., M. L. C., continued to hold the office as President of the board till its dissolution on 30th November 1935 Under Section 22-A (2) (a) of the Madras Local Boards Act, Mr. E. M. Gawne, I. C. S. was the Ex-Officio President of the board till 2nd March 1936.

I was elected President on 2nd March 1936 and have been continuing as such since that date.

General and by elections to 135 Panchayat boards were held during the year. Temporary Presidents were appointed for the interim period under sub section 2 (b) of section 22-A of the Local Boards Act 1920 (as amended). Presidents were elected to 134 Panchayats.

Mr. A. B. Shetty had drawn travelling allowance of Rs. 773—0—0 of which Rs. 690—12—0 are for 64 days touring in the year. I had put in touring for 3 days between 2nd and 31st March 1936 and drawn T. A. of Rs. 25—12—0.

(ii) *Vice-President:*— M. R. Ry. B. Srinivasa Baliga, Avl., continued to be the Vice-President of the board till the date of its dissolution. At the Special Meeting held on the 2nd March 1936, for the election of the Vice-President of the newly constituted board, Mr. A. C. Gonsalves, B. A., B. L., was unanimously elected and he continued to hold the office from that date.

Mr. B. Srinivasa Baliga was on tour for 21 days and the amount of T. A. drawn by him was Rs. 239—0—0. Mr. Gonsalves did not put in any touring during the year after he was elected as the Vice-President.

Delegations made by President:—

The delegation of powers to the Vice-President and the members referred to in the last year's report continued to be in force until the dissolution of the old board.

During the period the Collector was the Ex-Officio President, Mr. E. H. S. Abraham, B. A., Revenue Divisional Officer, Puttur, was holding the post of the Personal Assistant to the Collector-President as per G. O. No. Ms. 5232 L & M., dated 18th December 1935. He was discharging the executive functions of the Collector-President under section 23 (4) of the Act. I have delegated certain powers to the Vice-President under section 23 (1) of the L. B. Act, in the current year.

(Enclosure I—A.)

3. Elections.

(i) Voters took much interest in the elections.

(ii) *Election expenditure—District Board:*—A sum of Rs. 11,398—0—0 was paid as advance towards election expenses as per orders issued in G. O. No. 340 L. & M., dated 27th January 1936. A special staff was sanctioned for this district for the work connected with the preparation and publication of electoral rolls. This staff was disbanded after the completion of the election of members to all the circles of the board.

(iii) There were two election disputes during the year under report; one in respect of Surathkal circle and the other in respect of Coondapur circle. In the former suit, the election was set aside and fresh election was ordered to be held. The other suit is pending disposal.

(Enclosure I—B.)

4. Meetings.

District Board:

(i) Meetings were regularly held as provided for in the Act.

The district board held 8 ordinary and 5 special meetings as against 7 ordinary and 2 special meetings in the previous year.

The average attendance of members was 85·1 as against 81·9 per cent. in the previous year. No meeting was adjourned for want of quorum. One meeting was adjourned for want of time.

(ii) The district board disposed of 862 papers at its ordinary meetings and 6 papers at its special meetings. The special meetings were held on the dates and for the purposes noted below:—

27th April 1935—To consider the question of investigation work of the Panathady road up to Coorg boundary.

3rd September 1935—To consider the question of bifurcation of certain electoral circles as proposed by the Inspector of Local Boards.

16th October 1935—To consider the question of utilisation of Railway Cess for bridges across Vasrehole and Halkal.

2nd March 1936—For the election of President of the newly constituted board.

2nd March 1936—For the election of Vice-President of the newly constituted board.

The subjects entered in the agenda were mostly disposed off by the board except in the meeting held by the Collector President on 21st January 1936 at which papers were made to lie over until the election of the President. Papers made to lie over are always disposed of at the next meeting.

(iii) Rules of procedure laid down in Schedule II of the Act were observed by the board and no difficulty was experienced in working out the rules of procedure.

(Enclosure I—C.)

5. Committees.

(i) The district board had, as usual, one Standing Committee constituted under section 28(1) (a) of the Act under the old board. It disposed of papers relating to encroachments, alienations, temporary leases of lands, etc.

(ii) and (iii) The board appointed "Adhoc" Committees for the following purposes:—

District Board:—

(1) To consider the revised budget estimate for 1934-35 and ~~1935—36~~ 1936—~~37~~. budget estimates for 1935

(2) To hear appeals under profession tax

(3) Rural Development Committee

(4) To consider the request of several Panchayat boards for enhanced contributions.

(5) To fix responsibility for the loss to the board in the suit filed against the district board by contractor Mr. Simon Serao.

(6) To enquire into the question of ameliorating the condition of the depressed classes in the district.

(7) To revise the bylaws and rates for offensive and dangerous trades.

The Standing Committee under section 28 (1) (a) of the Act and the Budget Committee were the most energetic among the committees.

The statutory committee for Education was constituted in the year under report and that for communication in the current year. (1936-37)

(iv) Joint committees if any and the work done by them:—

The committee constituted for apportioning motor license fees between the rict Board and Municipal Council did not transact any business during the year.

6. Management.

The expenditure incurred by the board on the general establishment was Rs. 25,673—0—0 and works out to 3·5 per cent of the normal income as against the expenditure of Rs. 29,515/- incurred in the previous year.

Report about the activities of the District Panchayat Officer and honorary organisers of Panchayat Boards:—

The district board did not employ honorary organisers of Panchayat boards. The District Panchayat Officer supervised the activities of the panchayats especially of those which were newly constituted.

No expenditure was incurred for the payment of subscription to the Chamber of local boards or any other similar conferences.

No difficulty was experienced in the working of the rules relating to the punishments and appeals of officers and servants of the district board.

II. COMMUNICATIONS.

7. Establishment.

Engineers, Assistant Engineers, Supervisors etc., their qualifications and work:—

There was no change in the strength of the permanent establishment of the executive staff of the Engineering department. Mr. P. S. Barboza, was in charge of the district in the year except during the period of his leave for one month when the head quarters Assistant Engineer, Mr. G. S. Ganapathy was holding temporary charge.

There was no change either in the number or jurisdiction of the Assistant Engineers and section officers of the permanent establishment.

The Assistant Engineers were in charge of Kumardhari and Duli bridge works until their services were required there i. e., till 31st December 1935 and from

27th November 1935 to 5th May 1936 respectively while the works of Punjalcutta, Vasre and Halkal bridges were placed under direct supervision of section officers from 25th January 1936 and 3rd February 1936 and 10th December 1935 respectively till the closure of the works for the season.

Besides this there were two temporary overseers for panchayat works for two months and one temporary overseer for investigation of the Panathady road extension.

The Engineer and the Assistant Engineers are qualified persons. The overseers and sub-overseers are either qualified or exempted from possessing the qualifications prescribed for the posts.

The work of the executive staff during the year under report was satisfactory.

The total actual expenditure incurred on the establishment (both executive and ministerial) during the year was Rs. 66,481/- as against Rs. 70,262 in the previous year and was within the maximum limit of 20% prescribed by Government.

(*a*) *Roads*:—

(i) *Adequacy of roads*.—During the year under report, the board maintained 1,481 miles, 7 furlongs and 108 yards of length of roads.

This district is still inadequately provided with roads particularly in view of the fact that it contains numerous streams and rivers which make flow of traffic difficult and expensive. Very many interior parts of the district are not connected by roads. During the monsoon months several portions of the district are entirely cut off from the main lines of communications. The two districts of Malabar and South Kanara are not connected by a pucca road for a distance of about 10 miles. The existing coast road No. 22 South ends at Chervattur at mile 52/2 and proposals to extend it to Malabar frontier were taken up in 1935. A good begining was made but the work could not be completed on account of noncompletion of the acquistion of

warg lands. Arrangements have already been made to obtain the lands from the war[illegible]. The work is included in the Vipan scheme and is awaiting allotment of grants by Government. For the construction of culverts and bridges on Hosdurg—Panathady road, grants have been applied for under Vipan scheme.

Class of roads and their respective lengths:—

The roads maintained by the district board are divided into three groups and their particulars are shown below:—

	Miles.	F.	yds.
Trunk roads . . .	106	1	108
II class roads . . .	587	5	....
Other roads . . .	788	1	....
	1481	7	108

Trunk Roads:—

Names of trunk roads, their length and the expenditure thereon:—

The only two trunk roads within the limits of and maintained by the board are (i) The Mangalore Mercara Trunk road No. A 16 and (ii) the Mangalore Mysore Trunk road No. A. 22. The discrepancy of 91 yards of length of the latter road pointed out by the Superintending Engineer is being reconciled as per orders issued in para 4 of G. O. No. Ms. 2948 dated 9th July 1936.

A sum of Rs. 58,997/- was spent on the maintenance of and repairs to the trunk roads during the year, which works out to Rs. 557/- per mile. The allotment by Government per mile is Rs. 570/- The entire cost was met out of Government grants.

(ii) Kinds of metal used for the roads in the district are (i) granite (2) laterite and (3) gravel as usual.

Granite metal is available with reasonable lead, but it is not used on all the roads, for the reason that it is costly. Laterite is common metal used even on important roads. Granite being the hardest can withstand heavy traffic though it leaves the road surface rough, whereas laterite cannot bear heavy traffic. It becomes slushy in monsoon in places where it is not well consolidated but it gives a smooth surface during summer. Gravel which is the cheapest of the lot is used mostly for village roads.

All quarries are easily accessible and the metal is either carted or conveyed by coolies. Road materials are not conveyed by rail in this district.

(iii) The width of roads in the district is given below:—

Class of roads.	Total width.	Metalled width.
Trunk roads	26 ft.	12 ft.
Other roads	Ranging from 24 to 16	do.

Most of the important roads though fairly wide are in need of improvement especially at sharp corners, bazaars, town limits or where they pass through steep gradient corners. The recurring annual maintenance grant is hardly sufficient even to keep the surface of the roads in proper condition throughout the year and special grants are therefore required.

(iv) Proper control over encroachments is necessary to allow sufficient width to roads. Whenever the encroachments of objectionable nature are brought to notice, the encroachers are served with notices for their removal under section 159 (1) of the act and wherever the notices are not complied with, prosecutions are launched against the offenders under section 207 of the act. In the matter of removal of the encroachment and the assignment of the plots on the road margins the Revenue Department isconsidered as the final authority as per orders issued in G. O. Nos. 5456 L&M dated 19th December 1934 and Memo No. 12762—1 A 1 L&M dated 26th March 1936 though the technical authority, like the Engineer, will be the better judge to express whether or not, in the interest of the roads, an encroachment or a plot applied for assignment by the side of a road is objectionable. In the matter of removal of encroachments the board is put to the necessity of filing considerable number of complaints. Even then the result is not satisfactory. In areas where roads pass through bazaars, removal of encroachments has become a problem. It is necessary that a thorough examination should be made with a view to get encroachments removed as soon as possible. The roads in town areas are badly encroached upon. The board is trying its best to cope with the situation.

Remarks of the Inspecting Officers:—

The Superintending Engineer, Coimbatore Circle inspected the two trunk roads in January 1936. He recommended payment of the full grant subject to a maximum of the total expenditure of the year, in consideration of the satisfactory condition of the roads.

The surface of the trunk roads is worn out to a large extent and it is not possible to improve it with the maintenance grant received.

In G. O. No. Ms. 3240 dated 22nd July, 1936 orders have been issued to the effect that the Government of India have sanctioned the debit to the Road Development Fund of a sum of Rs. 30,300 for the work; of which Rs. 15,000 has already been sanctioned in G. O. No. 1954 L. S. G. Department dated 12th May, 1936 and the balance has been promised to be allotted after the sanctioned grant is fully drawn. A grant of Rs. 1,27,500 has also been sanctioned from the same fund for the current year out of the total amount of Rs. 1,70,000 required for four weak bridges and a culvert on the Mangalore Mysore road. Steps are being taken for their execution in the current year.

The usual maintenance grant for trunk roads at Rs. 570 per mile being too meagre, the Engineer recommends its increase to Rs. 1,300 per mile in view of the heavy traffic which the roads have to bear throughout the year.

The Superintending Engineer points out in his inspection notes the necessity to improve culverts and roadways. The proposal will be taken up only when funds become available.

Charmadi road:—

The ghaut portion of Mangalore Charmadi road is in a dangerous condition. This is due to the heavy traffic on the road and the great volume of water coming down from the hill sides. Thorough metalling of the road is necessary and the Government have been addressed to allot necessary grants for the purpose in consultation with the Superintending Engineer in this office letter cors. 8717—A2—36 dated 1st August 1936.

Standard mile stones have since been provided. Standard furlong stones will be provided in the current year. The question of providing standard sign posts and warning posts could not be taken up for want of funds.

II Class Roads.

The increase of the grant by Rs. 16,430 could not be taken advantage of for the reason that the Board had no funds to meet the equal amount from its own funds. The request made in this office letter II Rc. 13346-B 1-34. dated 7th March, ~~1936~~ 1935, for continuing payment of the compassionate grant has not been complied with by government so far.

A sum of Rs. 1,71,145 was spent in the year under report as against Rs. 2,00,846 in the previous year, for the maintenance of the II class roads.

Excepting the roads Nos. 5 (Mangalore-Agumbe), road No. 1 A (Darbe-Subramania road No.) 15 (Sitanadi Brahmawar) and road No. 20 (Wandse Halkal), all other roads are reported by the Collector to be in a fairly good condition. The defects pointed out by him will be attended to as and when funds are available. Thanks to Government for a special grant of Rs. 39,000 a portion of which will be spent on road No. 5 when that road is bound to improve. The work is in progress.

The revised estimate for the Dulihole bridge returned by the Superintending Engineer could not be sent back on account of settlement of certain legal points involved therein. The estimates for the reconstruction of Halady and Jadkal bridges will be sent up after taking borings. The road by-laws were revised in the year under report, and have received the sanction of the Inspector of Local Boards.

(iv) The percentage of expenditure on roads to the budget allotment was 96·9 as against 91·2 in the previous year.

(v) Motor bus companies continued to be managed by limited companies, proprietory concerns and individuals 158 Motor buses, 75 taxis and 145 lorries were licenced by the board to ply ~~for hire~~ on the district board roads. The licence fees realised during the year was Rs. 86,571—0—0 as against Rs. 64,575—0—0 realised in the previous year. The regulations revised in the previous year were in force in the year under report. In cases where the regulations were violated the offenders were prosecuted.

Lorries:—

On most of the important roads in the district more than 100 heavily laden lorries ply every day under the board "private" though they are regularly carrying goods on hire. The extent of damage done to the roads by these lorries is indescribable and yet they are required to pay only Rs. 5/- per year under the newly amended Act. The estimated loss to the board on this account is about Rs. 30,000/-. Government have already been requested in this office letter No. 8720-C2-36 dated 31st July 1936 to amend suitably section 166 (3) of the Local Boards Act.

(Enclosure II—A.)

(*b*) *Bridges, causeways and culverts:—*

(i) *Major works:*—A sum of Rs. ~~1,07,280~~ 124071 was spent during the year under report on 11 major works of bridges, causeways and culverts as against Rs. 1,46,651/- on 32 works in the previous year. A statement of the works is given below:—

(iii) *Capital—how raised:—*

For Trunk and Second class roads:—The cost of all the works (including maintenance) on the trunk roads was met entirely from the Government grant, while that on the II class roads was met partly out of Government grant and partly out of board's own funds. In the case of Kumardhari, Vasre, Halkal and Dhuli bridges, one half of the cost was met by Railway cess accumulations

(Enclosure II—B.)

(c) Ferries:—

The receipts from ferries amounted to Rs. 46,306/- and the charges to Rs. 2,689/- There was no alteration in the rates of fees collected at different classes of ferries. No new ferries were opened, but five were temporarily closed during the year for want of bidders. The total number of ferries leased out during the year was therefore 117, 7 being of I class and the remaining 110 of the II class. The right of collecting fees at the ferries is leased out annually, except at Moolky, Udiawar, Mabukal & Gangolli where leases are for five years for running motor boats. The arrears of lease amounts were collected by the Revenue officials under the Revenue Recovery Act and by the district board by civil suits in cases where recovery under the Revenue Recovery Act was not possible.

On account of several improvements effected at ferries in 1934-'35 and 1935-'36 inconveniences of motorists and the travelling public at important ferries have been reduced to a minimum.

Details of expenditure on ferries are shown below:—

(*d*) *Departmental buildings:*

In the year under report a sum of Rs. ~~1,918~~ 1917/- was spent on the maintenance of and improvements to the departmental buildings as against Rs. 1,823/- in the previous year.

9. Rest houses, Choultries and Watersheds.

The Inspection shed at Hallibail abandoned last year was transferred to the Revenue Department and the question of transfer of the Navoor bungalow to the Forest department is under correspondence. One shed at Golithattu was abandoned during the year. The number of rest houses at the end of the year was 83. Rest houses were supplied with sufficient furniture.

Accommodation in all the important bungalows was satisfactory. Bungalows as a rule, have sufficient accommodation for two travellers.

Many of the arterial roads are provided with rest houses at convenient intervals.

No capital expenditure was incurred on rest houses. A sum of Rs. 10,321/- was spent for the maintenance of rest houses as against Rs. ~~11,495~~ 11479 in the previous year, the net cost being Rs. 7,555/-.

(*b*) *Choultries and watersheds:*—

(i) New choultries were not built during the year. The number of choultries remained the same as of last year viz., 17 and the cost of their maintenance was Rs. 500/- as against Rs. ~~903~~ 901/- in the previous year, the net cost being Rs. 348/-.

There were no endowed choultries. Choultries accommodate generally poor travellers. In none of them food is supplied. In only a few of these choultries fee is levied from travellers.

(ii) Choultries are open to all classes of people and are provided generally with one or two rooms.

(Enclosure II—C.)

10. Tools, plant and stores.

(i) The total ordinary expenditure incurred on tools, plant and stores during the year was Rs. 1,615, and it was 0·44 per cent of the total expenditure on communications excluding lighting.

(ii) No capital expenditure was incurred during the year under this item.

One lorry for watering the streets of Udipi town was maintained by this board till the date of the inauguration of the Municipality for the town.

11. Lighting.

(105 ordinary and 6 power lights)

On account of the transfer of 111 lights to Panchayat boards of Moolky, Coondapur, Baindur and to the Municipality in Udipi, the total number of lights under this board was reduced to 70. The total expenditure incurred during the year was Rs. 1,421/- as against Rs. 2,078/- in the previous year.

(Enclosure II—D.)

III. EDUCATION.

(I) ELEMENTARY EDUCATION.

12. Adequacy of Education facilities.

(i) The estimated number of children of school-age within the board area in the district is 1,71,122 (87,076 boys and 84,046 girls) of whom 98,008 (36,648 boys and 61,360 girls) are yet to be provided for as against 1,05,983 (38,306 boys and 67,677 girls) in the previous year. The estimated number of children of school age *viz.* 10,77,168 shown in the last year's report was inclusive of those in the Municipal areas.

The total number of schools at the beginning of the year was 1,266 of which 1,153 were for boys and 113 for girls as against 1,162, 1,041 were for boys and 121 for girls in the previous year, the corresponding number on the 31st March 1936 being 1,261 (1,160 for boys and 101 for girls).

The total average strength in all the schools in the board limits was 97,703 (68,216 boys and 29,487 girls) as against 94,671 (65,496 boys and 29,175 girls) in the previous year.

(ii) The number of pupils in Board Elementary schools on 31st March 1936 was 43,894 (30,260 boys and 13,634 girls) as against 44,458 (30,164 boys and 14,294 girls) on the corresponding date of the previous year, giving a percentage of 44·9 as against 46·6 in the previous year.

(iii) The number of children who attended the board schools from outside the jurisdiction of the board was 12 as against 8 in the previous year.

(iv) The board was unable to introduce compulsary education in the schools under its management for want of funds. Medical inspection of the children in Elementary schools could not be introduced for the same reason.

(Enclosures III—A and III—B.)

13. Strength and Efficiency.

Strength:—

(i) The number of board schools together with strength in each is shown talukwar in the following statement:—

* Schools under the management of Panchayat boards.

Mangalore taluk:—Three schools for boys were closed during the year i. e., at Talapadi, Kuthethoor and Naricombu.

Kasaragode taluk:—Two boys school at Bandadka and Hosdrug and one girls school at Korkodu were closed during the year, while one Mopla girls school at Mogral was converted into a boys school.

Puttur taluk:—Out of the four schools shown as being under the management of the Panchayat boards in the previous year, the management of one was resumed by this board in the year under report. Two board schools were closed one at Niddle and the other at Nallur-Kemraje while two girls schools at Perlampadi and Machina were amalgamated with the boys schools.

Udipi taluk:—In the year under report 4 boys schools and two girls schools lying within the area of the Udipi Municipality which was constituted from 1st November 1935 were transferred to that body while the girls school at Brahmawar was amalgamated with the boys school and two boys schools at Hungarcutta and Yellur Adidravida and the girls school at Hiriadka were closed during the year.

Coondapur taluk:—The girls schools at Uppunda, Vaderhobli and Shankernarayana were amalgamated with the local boys schools while the boys school at Byndoor and Maddugudde were closed and two new schools at Nagodi and Machettu were opened during the year.

Karkal taluk:—Two boys schools at Nandalike and Panapil (Aliyur) were closed and the girls school at Puttige was amalgamated with the boys school.

The number of Board schools at the beginning of the year was 660 (568 for boys and 92 for girls) of which 4 (3 boys and 1 girl) were under the management of the Panchayat in Puttur taluk. At the end of the year the corresponding number of schools was 634 (554 for boys and 80 for girls) including 3 under the management of the Panchayat boards in Puttur taluk.

The proportion of the total number of pupils attending each class is shown below:—

CLASS.	NUMBER OF PUPILS.		PERCENTAGE.	
	Boys.	Girls.	Boys.	Girls.
I Class. . .	13,607	7,233	44·9	52·9
II Class. . .	6,098	2,705	20·2	19·9
III Class. . .	4,635	1,834	15·4	13·5
IV Class. . .	2,696	1,038	8·9	7·6
Above IV . .	3,224	824	10:6	6·1
Total.	30,260	13,634	100	100

The proportion of the number of boys and girls in classes I and II show a slight increase while there is a slight decrease in class IV when compared with the last year's figures. The total average strength of the board schools during the year was 44,378 (38,776 boys and 5,602 girls) as against 44,458 (38,189 boys and 6,269 girls) in the previous year. The average daily attendance was 33,724 (29,650 boys and 4,074 girls) as against 32,787 (28,243 boys and 4,544 girls) in the previous year. In spite of a slight fall in strength the average attendance of pupils during the year under report shows a slight increase.

(ii) The proportion of the average attendance to strength was 76·8 per cent for boys and 72·7 per cent for girls, as against 73·9% and 72·4% respectively in the previous year.

(iii) The number of board schools classified according to the classes taught in them is shown below:—

	1935-'36	1934-'35
(*a*) Number of schools teaching up to class V . . .	123	137
(*b*) Number of schools teaching up to class IV . . .	279	342
(*c*) Others . . .	232	181
Total	*634	660

* Includes 3 schools under the Panchayat management.

(iv) *Provision made for backward classes:*—The board maintains 10 schools exclusively intended for backward classes. In all other board schools free education is also imparted to them. All the board schools are accessible to pupils of all classes. Special directions are given to board school teachers to do propaganda in the villages and secure free admission of Adidravidas in their schools but some time will pass before a large number of Adidravida pupils seek admission in the schools. Poverty is their great drawback and the board cannot afford to supply them with food, books and slates. Till the board is in a position to supply them with these bare minimum requirements, progress in this direction will be but gradual. The only Adidravida school which was maintained by the board at Yellur and which was in charge of an Adidravida teacher was closed in February 1936 owing to its very unsatisfactory strength and attendance.

(v) Panchayat schools generally speaking continued to work satisfactorily.

Efficiency:—

Scouting and Physical Education:—The Scout troops in almost all Board Higher Elementary schools continued to turn out appreciable work in the villages.

Physical education including Lathi and Lazim received adequate attention. Extra curricular activities such as Stationery socities, Children's courts, Interschool correspondence, Debating socities, Manuscript magazines, School day celebrations, Book binding, Fret work etc., continue with unabated zeal making the Higher Elementary schools efficient and popular.

The Vth Children's conference was held in December 1935 at Vittal, Mankude and Kanyana. Teachers and pupils from over a dozen Higher Elementary schools participated to make it a success.

(Enclosures III—C to III—F.)

14. Staff.

The number of trained and untrained teachers employed was 1,489 and 19 respectively as against 1,518 and 56 in the previous year. The proportion of the trained to the untrianed teachers was 1·3% as against 3·7% in the previous year. The reduction of the staff was due to the abolition of certain posts of teachers and closure of some ill-working schools. The scale of pay adopted in the previous year is in force.

No expenditure was incurred by the board for the payment of stipends to teachers under training.

(Enclosures III—G.)

15. Accommodation and equipment.

Out of 631 schools 369 were held in rented buildings, the remaining being held in buildings either owned by the board or given rent free to the board. The cost of maintenance per building owned by the board was Rs. 17—14—5 as against Rs. 10—0—1 in the previous year and the rent per building paid was Rs. 49—5—0 as against Rs. 60—9—8 in the previous year.

Ventilation, lighting and the provision of play grounds were found to be satisfactory in the case of buildings owned by the board.

(Enclosure III—H.)

Capital expenditure:—A capital expenditure of Rs. 5,075/- was incurred. During the year under report the board had undertaken and completed the work of constructing an additional block to the Kaup Higher Elementary school. Extentions to the buildings of the Padubidri, Palimar and Beltangadi Higher Elementary schools which were undertaken during the year are in progress and will be completed soon.

16. The Elementary Education Fund.

The rate of education cess and the contribution fixed from the general fund by Government remained unaltered.

The total expenditure incurred during the year was Rs. 4,41,404 as against Rs. 4,54,637/-. in the previous year.

The year started with an opening balance of Rs. 19,927—8—8. The receipts in the year were Rs. 50,537/- from education tax, Rs. 11,991/- school fee collections, Rs. 36,401/- from general funds and Rs. 3,25,611/- from Government grants.

The closing balance was Rs. 3,979/-. The proportion of Government grants to the total expenditure incurred works out at 73·8 per cent for the year under report as against 72·3% in the previous year.

(ii) The cost of education per pupil was Rs. 9—13—3 as against Rs. 10—3—6 in the previous year, showing a decrease of Rs. 0—6—3. This is due to the fact that the salary for February 1936 was not paid during the year under report for want of sufficient funds.

(iii) The relations of the board with the District Educational council were cordial as usual.

(Enclosure III—I.)

(II) SECONDARY EDUCATION.

17. Adequacy and strength.

(i) The number of Secondary schools in the district during the year under report was 27 of which 8 were maintained by the district board at Coondapur, Udipi Karkal, Kasaragode, Moolky, Puttur, Byndoor and Moodabidri. Government have, in their order No. 2658 (36) L. & M. dated 12th June 1936, sanctioned the opening of form VI in Board High school Moolky, subject to certain conditions. The total number of pupils in the Secondary department of all the Secondary schools in the district board area was 4,838 boys and 1,606 girls and their number per 10,000 population according to the census of 1931 was 47·1 as against 44·6 in the previous year.

(ii) The status of all the board schools remained the same with the exception of Moolky where Form V was opened in the beginning of the year under report. Manual training in carpentry is imparted in Board High school, Karkal as usual.

(iii) The strength in Secondary department in all Secondary schools in the district was 6,444 (4,838 boys and 1,606 girls) as against 6,077 (4,686 boys and 1,391 girls) in the previous year. Of these the strength in Board Secondary schools was 1,628 boys and 286 girls as against 1,558 and 208 respectively in the previous year. Its percentage to the total strength was 29·8.

(iv) Pupils of other Secondary schools were admitted into the Board Secondary schools on the production of transfer certificates while those from Elementary schools were admitted after test examination in English, Mathematics and Canarese. All the Secondary schools work with the same curricula of studies and all the high schools adopt the S. S. L. C. scheme. Coordination of activities of board Secondary schools in Coondapoor division with other Secondary schools and Elementary schools were seen in the matter of games and sports. Board High schools, Coondapoor, Karkal and Udipi took part in inter-school sports and games conducted at Udipi.

(v) The Medical inspection of pupils was discontinued with Ref. to G. O. No. 502 A. Education dated 16th April 1932.

(Enclosure III—J.)

18. Efficiency.

The proportion of average attendance of pupils to strength in board institutions was 90·6 as against 89·8 in the previous year.

(ii) The strength of the Primary and Secondary departments of the Board Secondary schools is given below:—

S. No.	NAME OF SCHOOL.	Strength of Primary Dept.	STRENGTH OF SECONDARY DEPARTMENT.						TOTAL.
			I F.	II F.	III F.	IV F.	V F.	VI F.

	Total.	616	348	327	342	360	324	213	2,530

(iii) The number of students attending Board schools from outside the jurisdiction of the district board was 6 as against the same number in the previous year.

(iv) The number of girls attending Secondary department was 286 as against 208 in the previous year. There were 368 children belonging to backward classes as against 306 in the previous year in Secondary department of Board Secondary schools.

(v) The number of pupils who passed the S. S. L. C. examination held in 1935 and were declared eligible for the University class is given below:—

NAME OF SCHOOLS.	No. sent up.	No. declared eligible.
1. Board High school, Coondapur . .	44	28
2. do. Udipi . .	70	28
3. do. Karkal . .	31	9
4. do. Kasaragode . .	27	20
5. do. Puttur . .	35	26

The percentage of passes is 53·6 as against 63·8 in the previous year. The Kasaragode High school produced the best results among the Board High schools.

All the Board Secondary schools were inspected by the District Educational Officer, South Kanara, in the year under report and the following are the extracts from his general remarks:—

Board High school, Coondapur:—Systematic physical training is given to all pupils. The work is well organised and supervised. The several subjects are taught on the right lines. On the whole good work is being done and the traditional efficiency of the school is maintained.

Board High school, Udipi:—The school work is being carried on satisfactorily under efficient supervision of the Head Master. Generally speaking the school is efficiently run and there is cordial cooperation between the Head Master and the staff.

Board High school, Karkal:—The school is fairly well organised. The usual extra-curricular activities are being carried on. The teaching is generally on correct lines.

Board High school, Puttur:—Generally speaking the work turned out in the school is satisfactory and the teachers are earnest. The Head Master is a capable and experienced teacher with good organising capacity. There are several extra curricular activities carried on.

Board High school, Kasargode:—The tone of the school is good. Effective supervision is exercised by the Head Master. The assistants collaborate in maintaining a high standard of discipline and efficiency. Extra curricular activities are carried on with earnestness.

Board Middle school, Byndoor:—The Head Master is earnest and hardworking. He has kept up the extra-curricular activities of the school. A junior Red Cross group has also been started. The classification and promotion of pupils are on the right lines. Teaching is generally satisfactory.

Board Middle school, Moodabidri:—The Head Master exercises adequate supervision over the school. The school is doing fairly good work. There is plenty of extra curricular activity in the shape of a Debating Society, a Manuscript magazine, a Scout troop, a Reading room for boys and a Students Stationery Society.

Board High school, Moolky:—The Head Master is earnest and hard working and exercises effective supervision. The teaching is on the whole on satisfactory lines.

EXTRA CURRICULAR ACTIVITIES IN BOARD SECONDARY SCHOOLS.

Extra curricular activities introduced in all Board Secondary schools in 1933-'34 such as Literary Debating Society, Manuscript Magazine, Children's Court, Dramatic Performance, Gardening, Students Stationery society, Excursions, Reading room etc., were carried on during the year with enthusiasm both by the teachers and the pupils.

CONFERENCE OF BOARD SECONDARY SCHOOL MASTERS.

The third conference of the Board Secondary school masters was held on the 16th and 18th April ~~1936~~ 1935 at Puttur under the chairmanship of M. R. Ry. K. Srinivasa Kini, Avl., Headmaster Board High school, Kasaragode.

The Conference was attended by teachers of several Board secondary schools. Local district board members, Deputy Inspectors of schools, Secretary of the South Kanara Teachers Guild, Mr. Ullal Mangesh Rao, retired Headmaster of the Government Higher Elementary training school, Mangalore, Mr. R. Hari Shenoi of the Central High school, Mercara, M. R. Ry. A. Sreenivasa Pai, Avl., President of the District Secondary Education Board, S. Kanara and other educationists participated in the deliberations of the Conference.

Many of the important matters concerning Educational activities were discussed. The Conference of the District Teachers' Guild was also held jointly with the school Masters' Conference.

(Enclosure III—K.)

19. Staff.

There were in all 119 teachers in the Board Secondary schools in the district as shown below:—

Licentiates in teaching	35
Secondary grade teachers	57
Pandits (Kanarese, Sanskrit and Malayalam.) . .	12
Drill masters	6
Drawing masters	6
Combined Drill and Drawing masters . .	2
Manual Training Instructor	1
	119

The appointment of part-time Sewing mistresses was not made during the year for want of funds.

No changes were ordered by Government in the scales of pay already sanctioned by them and mentioned in the previous year's report.

20. Accommodation and Equipment.

Board High school, Coondapur:—Considering the present strength, the accommodation is adequate.

Board High school, Udipi:—The construction of a new block of building has just been completed and this would meet the demand for extra accommodation for the increased strength.

Board High school, Karkal:—The necessity for a hall for holding examinations and an office room is keenly felt but the work could not be taken up for want of funds.

Board High school, Kasaragode:—Two additional rooms are necessary. The classes are held in the two buildings situated on different levels.

Board High school, Puttur:—With the increasing strength of the classes and forms, the accommodation now available is considered to be insufficient. At least two more rooms would be necessary.

Board Middle school, Byndoor:—There is need for the extension of the building but on account of financial stringency, the work could not be taken up.

Board Middle school, Moodabidri:—The school ~~was~~ continued to be held in the rented building.

Board High school, Moolky:—The new High school opened in June 1934 is located in four blocks situated near one another.

All the buildings in which the Board Secondary schools are housed, satisfy the sanitary conditions. They also contain sufficient floor space and ventilation.

(ii) *Provision for physical culture:*—Proper attention was paid to physical instruction in all the schools and compulsary group games were continued. The out-door games such as Cricket, Football, Volley ball, Tenikoil, Badminton, Rounders, Hockey, Basket ball and ~~window~~ in-door games such as, Carrams, Ping Pong, ~~Lazim~~ etc., were played in almost all Secondary schools.

The question of providing additional playgrounds for Board High schools Karkal, Kasaragode, Udipi and Moolky could not be taken up for want of funds. Other schools have sufficient play grounds attached to them.

In the year under report each school was equipped with the required games materials purchased out of games fee collections. The games fee fund of each school was being managed by a Committee constituted for the purpose and the accounts of the fund were audited by the District Inspector of L. F. Accounts.

There were Scout troops attached to all the Board Secondary schools.

(iii) The Board could not provide hostels to the schools under its management, but the Headmasters and assistants exercised supervision over the pupils who were put up in hostels and private boarding houses.

21. Finance.

The total ordinary and capital cost and the net cost of maintenance of Board Secondary schools amounted to Rs. 1,31,666—3—6 and Rs. 61,618—12—3 respectively, the corresponding figures of the previous year being Rs. 1,22,439-0-1 and Rs. 54,631-5-1. The increase is due to the payment of the arrears of personal pay sanctioned to the staff of the schools in G. O. No. 3529 L. & M., dated 31st August 1935. The cost per pupil works out at Rs. 24—4—0 as against Rs. 23—5—0 in the previous year. The fixed subsidy of Rs. 13,150/- has not been enhanced till now.

(Enclosure III—L.)

22. Special schools, Public libraries.

No Special schools were maintained by the board in the year under report.

The Public Libraries at Udipi and Kasaragode were maintained by the board under librarians paid at Rs. 25/- each per month.

Scout Activities:—

Board High school, Coondapur:—The two Scout troops of the school, each 24 strong and one cub pack 18 strong rendered valuable service in the town during several festivals and at some public functions. Two camp fires were organised.

Board High school, Udipi:—This school had a Scout troop and a cub pack of 5 cubs and undertook three excursions. The Scout troop rendered useful service to the pilgrims during the Pariyayam festival at Udipi and at Manipal temple which caught fire. Three camp fires were organised during the year.

Board High school, Karkal:—There was a Scout parade at the time of the visit to Karkal of Their Excellencies Lord Erskine, Govenor of Madras and Lady Erskine. The Scouts rendered useful service during school day function, Health week and local Parish feast. They undertook some excursions to the neighbouring villages.

Board High school, Puttur:—The Scout troops continued to do useful work during the annual conference of Board Secondary school masters and Teachers Guild.

Board High school, Kasargode:—The school has a troop consisting of 52 members divided into 4 patrols. There were weekly meetings for giving instructions to Scouts and they were engaged in games during the week days.

Board Middle school, Byndoor:—The school has a troop known as "Pratap Troop". It undertook two excursions and one camp fire. The Scouts did useful work during the National Health and Baby Week celebrations.

A Junior Red Cross group has been newly started in this school this year by the Scout Master Mr. V. M. Holla. The Scouts took special interest in keeping school premises and garden clean.

Board Middle school, Moodabidri:—The "Bharathi" Scout troop and Sri Krishna Cub pack took part in one camp fire and undertook three excursions to the neighbouring villages. The Scouts organised a volunteer corps for supplying drinking water to the school children.

Board High school, Moolky:—There was a Scout troop consisting of 28 pupils.

IV PUBLIC HEALTH.

(I) PUBLIC HEALTH-GENERAL MEDICAL RELIEF.

23. Adequacy.

(i) The area per centre of Medical relief did not exceed 250 square miles in any taluk and no where the population served by each centre exceeded 70,000. The existing 33 Medical institutions referred to in the previous year's report were maintained by the board during the year under report. One allopathic rural dispensary was maintained by Dharmastala Panchayat Board for which contribution of Rs. 30/- per month is paid by the district board towards the pay of the Medical practitioner.

(ii) Every taluk head quarters station is provided with a hospital either by the district board or by the Government. The regular and rural dispensaries within the jurisdiction of the Panchayat boards continue to be maintained by the district board as usual. Several places both in Panchayat and non Panchayat areas are not provided with Medical institutions. Medical relief cannot therefore be considered as adequate in this district. In its present financial stringency this board is unable to meet the demand of the tax payers for opening of new dispensaries at important and central places. The question of provincilisation of Head quarters hospital at Karkal still remains to be considered by Government, though it is being pressed for the past several years.

In the year under report the rural dispensaries at Kirimanjeshwar and Hungarcutta were shifted to Albadi and Palimar respectively and the midwife at Bizay has been posted to the latter dispensary in the current year.

The staff in all the Board Medical institutions can be considered as adequate, The Medical institutions at Karkal, Buntwal, Baindur and Hosdrug and the rural dispensary at Kunjal continued to be in charge of Medical graduates while all other Medical institutions were in charge of either L. I. Ms or L. M. Ps.

The total number of midwives employed by the board was increased to 40 by the employment of a midwife for the Child and Welfare centre at Karkal. The reserve compounder employed by the board was posted to leave vacancies and as an additional hand for the Buntwal hospital for a short period. At other time he is allowed to work in the head quarter hospital Mangalore.

(iii) There were no institutions intended exclusively for the treatment of Women and Children under this board. The one maintained by the Kanarese Evangelical Mission at Udipi is reported to be working satisfactorily.

(iv) The Medical Officers attached to the rural dispensaries at Albady, Hebri, Adur, Kumbla, Bajpe, Kurnad, Uppinangady, Kokkarne, Kunjal, Kaup, Kota had no full time work, the daily average attendance in these institutions being less than 30. The system of itinerary dispensaries was not reintroduced.

(v) No stipends were paid by the board for the training of Medical Officers. nurses, midwives or compounders during the year.

(Enclosure IV—A-I.)

24. Patients.

The number of patients treated in the L. F. Medical institutions in the district is as follows:—

Year.	Outpatients.	Inpatients.
1935-'36	2,98,792	1,100
1934-'35	2,86,684	843

The cost per patient works out at 0—3—2 as against 0-3-0 in the previous year.

(Enclosure IV—A-2.)

25. Accommodation and equipment.

The existing accommodation and equipment of most of the L. F. Medical institutions are very inadequate. The board is unable to supply all the needs to the

institutions for want of funds. The emergency ward at Baindur constructed out of donation from the public has been completed. in the current year.

Equipment:—(i) The Medical institutions at Moolky, Buntwal and Karkal are not adequately supplied with the required equipments, on account of paucity of funds.

(ii) The subordinate staff fixed by Government for the Medical institutions remains unaltered during the year.

(iii) Most of the Allopathic institutions were inspected by the District Medical Officer and the Ayurvedic Dispensaries by the Inspecting Medical Officer and their recommendations were carried out to the extent of funds available.

(iv) No capital expenditure was incurred during the year under report for improvement or additions to the existing buildings.

(II) PREVENTIVE MEDICINE.

26. Organisation and staff.

Sanitation and vaccination work in the district was in charge of the district Health Officer assisted by 8 Health Inspectors and a Sanitary Inspector for Udipi town until it was constituted into a Municipality.

Dr. B. Subraya Baliga, L. M. & S. D. T. M. was in charge of the district during the year. The pay of the District Health Officer and the pay, travelling allowance and contingencies of the Health Inspectors continued to be met from Provincial funds while the travelling allowance of the District Health Officer and the cost of his office establishment are being met by the district board. The total cost on this account is Rs. 4,087/- as shown below:—

YEARS.	Travelling Allowance.	Cost of Establishment.	TOTAL.
	Rs.	Rs.	Rs.
1935—'36	749	3,338	4,087
1934—'35	840	2,965	3,805

(ii) Relations of the Health staff with the board were cordial.

(iii) The Health staff carried on propaganda on different subjects with the aid of cinema projector and other magic lanterns, supplied to them at the cost of the board.

In addition to the house to house propaganda in small-pox infected villages propaganda on various health subjects was also done as shown in the following statement.

No. of Cinema shows.	Lectures with magic lanterns.	Lectures without magic lanterns.	Talks.	Exhibition.
3	451	533	6,266	31

Voluntary work:—Nil.

Health and Welfare Organisation:—Nil.

The National Health and Baby Week was celebrated during the month of October 1935 in all ranges.

During the week, exhibitions were held at 41 centres.

27. Birth rate and Maternity Relief.

The registration of births and deaths in rural areas continued to be done by village headmen. Total number of births registered was 52,676 as against 50,438 in the previous year, the rate per mille of population being 40·5 as against 38·8 in the previous year. The high birth rate was chiefly due to better registration and constant supervision over the work of Village Officers.

Total number of births registered in each taluk is given below:—

TALUK.	Population.	No. OF BIRTHS REGISTERED IN	
		1934—'35	1935—'36
Coondapur	1,49,004	5,574	6,043
Karkal	1,42,669	5,671	6,249
Kasargode	3,02,043	11,451	11,158
Mangalore	2,73,271	10,035	10,491
Puttur	2,05,666	8,146	8,422
Udipi	2,27,530	9,561	10,313
Total.	**13,00,183**	**50,438**	**52,676**

(ii) The number of qualified midwives in the district under the board including the subsidy midwife and the midwife attached to the Karkal Child Welfare Centre and C·7· dispensary, Kasaba was 40 as against 38 in the previous year. Total number of labour cases conducted by the qualified midwives in the rural areas is as follows:—

	Labour cases conducted.	Number of Midwives.
Midwife attached to the L. F. Medical institutions	2,438	26
Government Taluk Head quarters Hospital .	413	4
Village midwives employed by the board .	1,257	13
Child Welfare Centre, Karkal . . .	3	1
Mission Hospital, Udipi . . .	71	4
Total.	**4,182**	**48**

When compared with the previous year, there is a decrease in the total number of labour cases conducted by the qualified midwives in the rural areas of the district.

There are qualifed midwives attached to all hospitals in all the taluk head quaters and in all the regular hospitals and dispensaries maintained by the board, while it is not in the case of the rural dispensaries as shown below:—

NAME OF THE MEDICAL INSTITUTION.	Number.	Number of Midwives.
L. F. Regular Hospitals and dispensaries . .	12	12
Rural dispensaries subsidised . . .	19	14*

* Including the midwife employed during the current year at Palimar.

Out of the 14 midwives attached to the subsidised rural dispensaries only 9 are subsidy midwives and the remaining 5 are paid by the board. For want of funds the board could not provide midwives to remaining rural medical institutions.

(iii) Percentage of recorded births attended to by the qualified midwives was 7·9 as against 8·5 in 1934-'35 and 8·4 in 1933-'34.

(iv) Necessary action has been taken against the midwives who have not turned out good work. Village midwives continue to work under the supervision of the District Health Officer.

(v) *Infantile mortality:*—The registered infantile mortality during the year was 146·4 per 1000 births as against 135·1 in 1934-'35.

Voluntary associations:—Nil.

(i) *Maternity and Child Welfare Centres:*—The maternity and child welfare centre at Karkal was reopened under the approved scheme of the Director of Public Health, Madras on 16th March 1936 and it could not turn out much work in the year under report.

(ii) *Nature of work done:*—39 Antenatal and 13 post-natal cases and 3 labour cases were conducted by the midwife attached to the centre. She also paid home visits and opened infant and pre-school records and registered antenatal cases.

(iii) The centre is completely maintained by the board.

(Enclosure IV—B.)

28. Death rate—Epidemic and Endemic diseases.

(i) The total number of deaths registered in the L. F. area of the district was 27,607 as against 25,585 in the previous year, the rate per mille of population being 21·2 and ~~19·5~~ 19·4 respectively and the average rate for the previous quinquennium being 21·4.

The increased number of deaths *viz.* 2,022 and death rate 1·7 is chiefly due to the better registration and high death rate under "fevers" recorded in Karkal and Puttur taluks.

(ii) Deaths from (*a*) fevers (*b*) dysentry and diarrhoea and (*c*) respiratory diseases.

The subjoined statement shows the No. of deaths as compared with the presidency rate:—

CAUSES OF DEATH.	NUMBER OF DEATHS DURING			Presidency rate for 1934.
	1935—'36.	1934—'35.	1933—'34.	
1. Fevers . . .	8,060 or 6·2	7,348 or 5·6	10,523 or 8·1	7·19
2. Dysentry and Diarrhoea .	2,249 or 1·7	1,750 or 1·3	3,552 or 2·7	2·17
3. Respiratory diseases .	1,835 or 1·4	1,957 or 1·5	2,214 or 1·7	2·38 ~~2·4~~

The death rates recorded in this district under different heads are below the presidency rates and do not call for any special explanation.

(iii) *Cholera*:—There were in all 9 attacks and 6 deaths in the district. All the above cases occurred in Kuthyar village of Udipi taluk in the months of December 1935 and January 1936.

(iv) *Small-pox*:—There were 811 attacks and 129 deaths in 158 villages as against 1,721 attacks and 246 deaths in 292 villages in the previous year. The Health staff visited the infected villages in time and took all possible preventive measures. As a result of this, the infection was confined to one hamlet of the village and did not spread further. Intensive propaganda was carried on—95 persons were given billivaccine and 18 anticholera inoculations were done.

Staff:—The sanctioned strength of the vaccinators for the district was 19, of whom 3 are first class and the remaining 16 second class. A woman vaccinator was also temporarily appointed for a period of about two months to work among the Muhammadan gosha ladies of the infected villages.

Infantile vaccination is compulsary in this district. The total number of infants under one year succesfully vaccinated during the year was 15,711 as against 15,054 in the previous year. The increase of 657 cases is due to the detection of unprotected cases which were subsequently vaccinated. The following statement shows the total number of vaccination operations performed in the district.

	1935-'36	1934-'35
Primary vaccination including secondary .	37,766	39,500
Revaccination	58,472	85,604
Total .	96,238	1,25,104

The following statement shows the number of successful vaccinations performed during the year:—

	1935—'36.	1934—'35.
Primary vaccination including secondary .	35,528	35,231
Revaccination	12,833	24,033
Total .	46,361	59,264

The District Health Officer was delegated with the powers to sanction prosecutions against the vaccination defaulters.

(v) *Plague:*—There was only one fatal case in Talangere village, Kasaragode taluk. This was an imported case.

(vi) *Malaria:*—Free distribution of quinine is in force in 430 villages with 566 distributing agents and 33,991 patients were treated with 29,546 packets of quinine during the year. A trial scheme for antimalarial work in three selected villages at a cost of Rs. 2,500 could not be carried out for want of funds.

(vii) *Hookworm:*—Propaganda on hookworm was carried on by the District Health staff. 477 lectures and 87 magic lantern demonstrations were given. The total number of treatments administered for hookworm disease in all hospitals within the area of the district board was 11,113. Borehole latrines were advocated as preventive measure and 198 private latrines of 244 seats were got constructed. Out of the Imperial grant, 25 public latrines of 4 seats were also put up in 16 villages. 259 concrete slabs were also sold to the public at half cost.

(viii) *Leprosy:*—11 clinics in L. F. Medical institutions continued to function satisfactorily. Attempts are being made to open clinics at the two rural dispensaries at Vittal and Kota. The total number on the roll was 3,184 and 10,607 injections have been given to the patients during the year. The district board paid a contribution of Rs. 1,000/- during the year.

(Enclosures IV—C and IV—D.)

29. Sanitation.

(*a*) *Conservancy.*

(i) *Public conservancy:*—This work is being looked after by the district board at Ullal, Buntwal, Panemangalore, Kasaragode, Hosdrug, Manjeshwar, Kandlur, Gangolly, Bajpe and Nileshwar. There was no change in the method of disposal of filth and rubbish. In the year under report 25 borehole latrines were put up. The total receipts under this head amounted to Rs. 3/- as against Rs. 59 in the previous year and the expenditure including the pay of the Sanitary Inspector, Udipi who was in the employ of the board till the constitution of Udipi Municipality amounted to Rs. 6,488/- as against Rs. 9,368/- in the previous year. The difference is due to the transfer of these services to the Udipi Municipality in respect of Udipi town from 1st November 1935 and to the Panchayat boards, Coondapur, Baindur Mulki Padubidri Basrur, Koteshwar, Malpe, Kaup, Halangady and Kinnigoli

No depreciation fund was opened and no capital expenditure was incurred during the year.

(ii) *Private scavenging:*—The private scavenging system was in force in Kasaragode, Hosdrug and Manjeshwar.

The number of houses conserved was 536 as against 520 in the previous year. Private scavenging fees including provincial contribution amounted to Rs. 1,935/- and the expenditure to Rs. 1,964/- resulting in a net loss of Rs. 29/- as against gain Rs. 646/- in the previous year.

(iii) 25 new bore hole latrines were constructed during the year.

(iv) Information in regard to Panchayat Boards will be embodied in a separate report that will be submitted to Government.

(*b*) *Food Adulteration Act:*—The act was not in force in rural areas.

(*c*) *Dangerous and offensive trades:*—

(i) The dangerous and offensive trades were controlled by the district board in non-panchayat areas. The income realised from this source was Rs. 7,147 as against Rs. 3,362 in the previous year.

(ii) The licenses were issued subject to the general conditions of sanitation. The trades in festival centres were strictly supervised by the District Health staff as part of Sanitary duties.

(iii) By-laws and fees were revised in the current year.

(iv) Prosecutions were launched in cases where the trades were run without licenses.

(*d*) *Fairs and festivals:*—

(i) There were 21 festivals and 1 fair for which sanitary arrangements were made by the board. Important among them are shown in the following statement.

NAME OF PLACE.	Taluk.	Name of the fair or festival.	DATE OF CELEBRATION.		Number of people attended.
			From	To	
1. Kulgunda .	Puttur	Cattle fair	9—11—1935	25—11—1935	15,000 & 18,000 cattle

			21— 2—1936	22— 2—1936	
			7— 3—1936	8— 3—1936	

Sanitary arrangements at all the important fairs and festivals were supervised by the District Health Officer.

(ii) No joint Committees were formed.

(iii) The total cost incurred by the board for the special sanitary arrangements during the fairs and festivals amounted to Rs. 3,222/- as against Rs. 3,459/- in the previous year.

The total income including the contributions paid by the Forest department and the Temple authorities amounted to Rs. 1,914/-. No Government grants were sanctioned under fairs and festivals. No pilgrim tax was levied.

The net cost of the sanitary arrangements amounted to Rs. 1,308/-.

(iv) The results of the sanitary arrangements made were very satisfactory as no epidemic broke out at any of the festivals.

(Enclosure IV—E.)

30. Water Supply.

(*a*) *Minor works—tanks, wells—new, repaired:—*

In the year under report the board undertook the work of constructing 16 wells at an estimated cost of Rs. 10,130/-. This was met out of the Jubliee grant of Rs. 11,000/- and Provincial half grant of Rs. 1,500/-. The other half of the Provincial grant works is being met from the district board funds. The work of 2 wells was completed during the year. A total expenditure of Rs. 2,541/- was incurred up to the 31st March 1936. The other works are in progress.

(Enclosure IV—F—1.)

(*b*) *Piped or protected water supply:—*

(i) (ii) (iii) (iv) (v) (vi). There was no pipe water supply installation in the district, except the one maintained by the temple authorities at Dharmastala.

(Enclosure IV—F—2.)

31. Drainage.

No drainage scheme was undertaken by the board.

(Enclosure IV—F—1.)

(III) PUBLIC HEALTH MISCELLANEOUS.

32. Public Health and Safety (Miscellaneous.)

No special measures were taken for fire protection.

V. REMUNERATIVE ENTERPRISES.

33. General.

The financial condition of the board did not permit launching of any project for the development of remunerative enterprises as in the previous years.

34. Transport.

(*a*) *Railways:*—The accumalated Railway cess being insufficient for undertaking any Railways no such scheme has been taken up by the board. The amount is however ear-marked for bridges and the amount under investment during the year is shown below:—

Government 5% loan 1940-'43. .	Rs.	29,800	0	0
Cash Balance in the treasury . .	,,	0	4	9

(Enclosure V—D.)

(*b*) *Other transport services:*—Motor bus services were under the management of limited companies and private individuals. During the year under report 158 motor buses 75 taxies and 145 lorries were licensed by the board to ply for hire on the several local fund roads in the district.

(Enclosure V—D.)

35. Markets, Cartstands and Slaughter houses.

Gross receipts from markets etc., are shown below:—

YEAR.	GROSS ORDINARY RECEIPTS FROM			
	Markets	Cartstands	Slaughter houses	Tree-planting
1	2	3	4	5
	Rs.	Rs.	Rs.	Rs.
1935—'36	8,910	2,222	...	1,613
1934—'35	8,721	2,064	...	2,326
1933—'34	8,244	2,321	...	1,832

(*a*) *Markets:*—

(i) On account of the constitution of Municipality at Udipi and Panchayat boards, 6 daily and 7 weekly markets were transferred to those bodies. The markets at Ajre was closed while three were newly opened at Kukkala, Kavalapadur and Tiruvail during the year.

(ii) The total receipts including rents and other receipts realised during the year was Rs. 8,910/- and charges amounted to Rs. 235/-. The surplus was merged in the general funds.

(iii) No contribution was paid by the board to the Panchayat boards in respect of markets.

(iv) Markets could not be provided with buildings wherever they do not exist as the income realised was found insufficient to meet the cost of the market buildings as per type design.

(v) In the year under report private markets at Uppunda and Bappanad were transferred to the local Panchayat boards with the fees realised during the year.

(Enclosure V—A.)

(*b*) *Cartstands*:—

Two cartstands were closed and II cartstands were transferred to the Panchayat boards and Udipi Muncipality during the year. The proportionate lease amount however was not paid to the Muncipality during the year but was paid in the current year.

(ii) A sum of Rs. 2,222/- was realised during the year as against Rs. 2,064/- of the previous year. The expenditure incurred in the years was Rs. 45/- and Rs. 37/- respectively. The surplus was merged in the general funds of the board.

(iii) No new cartstands were opened during the year. Majority of the existing cartstands could not be provided with all required amenities as the bids received for them were very low. Information about Panchayat boards will be embodied in a separate report.

(iv) There were no private cartstands under the control of the board and hence no income could be realised on this account.

(Enclosure V—B.)

(Enclosure VII—C.)

48. Audit.

The accounts for the year 1934-'35 were audited by the District Inspector of Local Fund Accounts. The financial administration and the condition of the accounts of the district board were characterised as fairly satisfactory in the case of the general fund and not satisfactory in the case of the Elementary Education Fund. The accounts of the District Board Engineer and the District Health Officer were characterised as fairly satisfactory respectively.

49. Assets and Liabilities.

Bills amounting to Rs. 5,042—2—9 were pending payment at the end of the year.

50. General Remarks.

The dominant event of the year was the visit of His Excellency the Governor of Madras in October 1935. In an address presented to His Excellency by the district board, His Excellency's attention was particularly invited to some of the most important needs of the district.

The other constitutional event of the year was the reconstitution of the board on 1st December 1935 after the general elections to all the circles, some of which were bifurcated as per G. O. Nos. 3,790 L & M., dated 17th September 1935 and 4,280 L & M., dated 18th October 1935. From 1st December 1935, the date of the reconstitution till the election of the President on 2nd March 1936, District Collector assisted by a Deptuy Collector was in charge of the administration under section 22-A of the Madras Local Boards Act.

Management:—

The inadequacy of the clerical staff in the district board office continues particularly in the Elementary Education section. With the starting of new Panchayats, panchayat correspondence is ever on the increase. Government have not so far made any permanent arrangements to deal with this work.

Works and Communications:—

In a district which is badly cut up by numerous streams and rivers, the existing mileage of roads cannot be considered sufficient. Very many interior portions of the district are cut off from the arterial roads by hills and streams. With the aid of Jubilee and Provincial grants, however, amounting to Rs. 5,400/- and the board's share of Rs. 5,000/- five new roads viz..

(1) Phajir to Adyar
(2) Ajekar to Miyar
(3) Bellare to Puddottu
(4) Nayarmoole to Alampady
(5) Hiriadka to Manai,

have been opened and 4 foot bridges over:

(i) Kariangana stream
(ii) Nellikunja stream
(iii) Uppar stream
(iv) Stream in mile 1/8 of road No. 28 have been constructed. One earthern road is improved by metalling. But these do not meet with the needs of the whole district. A great many rural parts are in sore need of road facilities particularly in the southern parts of the Kasaragode taluk which are not served by adequate road facilities.

Grants now sanctioned by Government for the maintenance of II class roads with board's share, works out at Rs. 291/- per mile which is far too inadequate to maintain the required standard of efficiency in a district where roads are damaged by torrential rains and heavy motor vehicular traffic. Deterioration of the roads is further hastened by an unrestricted plying of hundreds of heavily laden lorries plying for hire as "private" on payment of only Rs. 5/- a year. The damage done to some of the roads by these lorries is incalculable and yet the board is helpless to impose any restrictions on their running so long as the section 166 (3) of the Madras Local Boards is in their favour. When my predecessor in office, Mr. A. B. Shetty moved the Government in the matter in 1934, Government stated that they ~~are~~ were not in favour of amending the section in view of the fact that the section 166 had undergone the amendment recently. I have reopened the question and urged the Government to make necessary amendments to this section so as to enable the board to levy adequate licence fees and keep the roads fit for heavy traffic.

In spite of these disabilities the roads of the district on the whole are maintained in a fairly good condition as remarked by the Collector in his report on II class roads. It is hoped that with the special grant of Rs. 39,000/- which Government have been good enough to sanction for this district out of the Road Development Fund, some of the bad bits of the roads would improve.

Trunk roads.

The grant given by Government for the maintenance of the two trunk roads, as has been mentioned in the previous year's reports, is insufficient when compared to the allotment of Rs. 1,000/- per mile given to the Public Works Department for the maintenance of trunk roads in their charge. The board's repeated requests for enhanced maintenance grants have so far not been complied with. Government, however, have sanctioned Rs. 30,300/- for resurfacing the first 14/7 miles of the trunk road. In the opinion of the District Board Engineer a sum of Rs. 50,000/- would be required to recrust all the bad portions of the trunk roads.

Inter-district roads.

The opening of a road to connect this district with Malabar is a project which has been before the board for the past 7 or 8 years. It could not be materialised on account of the paucity of funds. I do not think that such a state of things exist anywhere else in the presidency. Unless Government take up the project and meet the entire cost

this deplorable state must continue to exist. There can be no two opinions on the great necessity for a road connecting Malabar with this district at its southern limit. After all the length is only about 9 miles. Some spade work has already been done.

The construction of bridges and culverts on the Hosdrug-Panathady road to afford through traffic in all seasons of the year is another important proposal of the board which finds a place in the Vipan's scheme. My request to Government to sanction grants for the purpose has not been complied with and Government have in their order No. 3829 M. S., L. S. G., dated 31st August 1936 said that they are not likely to sanction the grant for this work for some time more. It is however proposed to extend the road up to Coorg Frontier with the aid of the current year's provincial grants and the board's share. But this will not complete the work until culverts and bridges on the road are constructed.

Secondary Education.

With the sanction of VI form for the Moolky High school, the long felt need of the public of Moolky has been met with. But before the High school should permanently be recognised, the school has to be provided with necessary play grounds. The public of Moolky have been requested to see that necessary funds are made available for the purpose of acquiring the ~~(adjoining)~~ adjoining the School grounds. Government grant will be very necessary for the construction of decent buildings for the High school. Application for grant has already been submitted to Government.

Public Health.

Accommodation and equipment in several of our hospitals and dispensaries are badly in need of improvement. The board is looking forward eagerly for a substantial allotment from the grant of Rs. 16/- lakhs which Government of India have proposed to spend in this Presidency on schemes of rural development in 1936-'37. The District Medical Officer has furnished ~~to~~ Government with a list of requirements costing Rs. 53,100/- for all the L. F. Medical institutions. This is the minimum want. I have also separately written to Government to approve of the District Medical Officer's proposals and it is hoped that the Government would sanction this amount.

There is urgent need to open new hospitals and dispensaries in the interior parts of the district which are mostly unhealthy and malarious. The following localities among others are in urgent need of medical institutions viz., (1) Panathady or Kallar, (2) Jalsur or Guthigar, (3) Sampaje, (4) Golithattu or Shirthady, (5) Rayi, (6) Kinnigoli, (7) Perdur, (8) Brahmawar, (9) Shiriyar, (10) Someshwar, (11) Hosangady. (12) Heriadka (13) Trikaripur. (14) Nileshwar and (15) Kirinanjeshwar.

The board has been agitating to increase the number of rural dispensaries to meet the demand for medical relief in all parts of the district. The demand for medical relief is most inadequate in the southern portions of the Kasargode taluk. Interior sub-ghat villages which are heavily malaria-ridden are not afforded sufficient medical relief. The board in its present financial stringency is unable to meet this important demand of the rural population.

Water supply:—

With the aid of Government grants amounting to Rs. 11,000/- eleven Jubilee well works at centres selected by Government in consultation with the Director of Public Health and District Health Officer were taken up in 1935, and are nearing completion. 5 well works were also taken up with the aid of provincial grants and they are also

nearing completion. But these are not sufficient as water-supply is one of the most important needs of a great many rural parts where water scarcity is very keenly felt for about 3 months in the year especially in sub-ghaut regions.

Finance:—

The financial stringency of the board has been aggravated by the constitutional changes brought about by the abolition of the taluk boards. With the formation of Panchayats, the income of the board is fast shrinking without a corresponding decrease in expenditure. The income of the board is badly hit by the Motor Vehicles Taxation Act of 1931. The tolls used to yield an average annual income of Rs. 70,000/- and had they continued the board would have derived a total income of Rs. 3,50,000/- from tolls in the course of these 5 years. But the total contribution received from Government in lieu of the toll income during the last five years amounts to Rs. 1,56,396/- The income under the road license fees has been crippled from Rs. 1,16,084/- in 1932 to Rs. 86,571/- in 1935-'36, by amending section 166 (3) of the Madras Local Boards Act. The withdrawal of the compassionate grant amounting to Rs. 16,430/- which the taluk boards used to get from Government has further depleted the revenue of the board and render it impossible to carry out many useful works.

Many schemes of public utility, such as improvement of village communications, rural water-supply, opening of rural dispensaries and maternity and Child Welfare centres, antimalarial schemes, cannot possibly be taken up by the board with an inadequate income.

I take this opportunity to offer my sincere thanks to the members of the board for the hearty cooperation shown in the discharge of my duties.

Note.—(1) In column (4), enter H. for hospital, D. for dispensary without wards and D.W. for dispensary with wards.
(2) The term 'hospital' should be confined to institutions which provide for in-patients and are ordinarily in charge of officers not below the rank of Assistant Surgeons.
(3) Figures relating to rural dispensaries and dispensaries subsidized by local boards and figures relating to institutions of Indian Medicine should be shown separately.
(4) "Daily average treated" should be distinguished from "daily average attendance." If a patient attends a hospital or dispensary for more than one day he will count as only one under "daily average treated" but once each day under "daily average attendance," so long as he continues to be under treatment and attends the hospital. The total number of patients treated in any day will thus be always less than the daily attendance on that day.

NOTE.—(1) In column (4), enter H. for hospital, D. for dispensary without wards and D.W. for dispensary with wards.
(2) The term 'hospital' should be confined to institutions which provide for in-patients and are ordinarily in charge of officers not below the rank of Assistant Surgeons.
(3) Figures relating to rural dispensaries and dispensaries subsidized by local boards and figures relating to institutions of Indian Medicine should be shown separately.
(4) "Daily average treated" should be distinguished from "Daily average attendance." If a patient attends a hospital or dispensary for more than one day, he will count as only one under "Daily average treated" but once each day under "Daily average attendance" so long as he continues to be under treatment and attends the hospital. The total number of patients treated in any day will thus be always less than the daily attendance on that day.

INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*b*1) For rules regarding printing of notes, see rule 315 of the Office Manual.

(*c*) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(*d*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*e*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
